We Know Downhole.

HD ABANDONMENT PACKER

The **HD Abandonment Packer** is a heavy duty service packer ideally suited for all types of squeeze cementing, formation fracturing, high pressure acidizing, etc. This packer is a large opening compression set packer with hydraulic button-type hold down. This packer withstands high pressure from above or below and uses a 3-element packing system, J-slot, and a drag block mechanism for easy setting. This packer

has a built-in unloader which circulates across the hold down buttons to improve retrievability and run in performance

Special Features

- > Heavy duty mandrels for high load capacity
- > Extra lower slips to distribute hanging load
